

Project	Strategic Noise Mapping Phase 2 (2012)		This strategic noise map presents a graphical representation of weighter average night time (Lnight) road traffic noise levels in Co Mayo. The map has been developed in accordance with S.I. No. 140 /2006 (the
Title	Lden (dB) - County Mayo	Coordinate System: TM65 Irish Grid	a representation of the average environmental noise levels over one cor noise mapping strategy which can be primarily used as a strategic tool for is not suitable for local noise assessments. National and regional roads deemed to be carrying in excess of 3 million this national study. Ordnance Survey Ireland Licence No. EN0045212 (DigitalContract) © Ordnance Survey Ireland/Government of Ireland
	Eden (db) - Oodnty Mayo	Date: September, 2012
